Liqui Scrub

Cream Cleanser

Liqui Scrub

Where to Use

Liqui-Scrub is a newly developed unique, non-acid, non-caustic, bathroom bowl and surface cleaner. Liquid Scrub's formulation removes stains while its bio-enzymatic power deodorizes surfaces. Also provides cleaning action in pipes, drains and waste systems. It polishes, deodorizes, and removes surface and drain line deposits. Can be used on sinks, toilet bowls, urinals, shower walls, tile & grout, tubs, metal, porcelain, etc..

Benefits

- For use on all washable surfaces
- Quickly scrubs away dirt & grime.
- Quick soil & stain removal.
- Free rinsing.
- Pleasant fragrance.
- Replaces harmful powdered cleaners.

Directions for Use

Ready to use. Shake well prior to use.

Surfaces: Squeeze directly onto surface or onto damp sponge. Rub clean and rinse. Close cap after use.

Toilet Bowls: For best results reduce water level as much as possible. Apply to stained surface area. Clean immediately with bowl brush, sponge, or mop. Flush and rinse.

Attention: To prevent scratching aluminum, fiberglass, plastic, and enamel, use sparingly. Rub gently with a damp sponge. This product is Kosher Certified.
