EZ Foam Counter Mount Dispensers

A patented system that refills from ABOVE the counter using a patented refill “dock” and resealable refill bags. Simply remove the pump head, insert and turn the refill bag to open and let the soap flow into the sealed reservoir. Fill one dispenser or “top off” many. The sealed system keeps air and water out to eliminate the risk of contamination. No messy spills or leaks. No crawling under the counter to refill. No waste from partially filled cartridges.

- Easy to Install or retrofit
- Uses .75 mL of foam soap per hand wash vs 1.5 mL used by most bulk pour and liquid soap dispensers
- When full, provides approximately 1,300 hand washes
